Dear Parents and Carers,

As you know Springwell staff think reading is very important for all our students. Being able to read is essential for life skills.

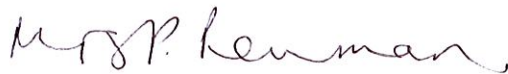

In order to help students make great progress with reading we have bought a book bag for everyone. Students can bring home a reading book that they will read to you and a reading record for you to note what they have read and any words or sounds they found difficult. They will also have a reading for pleasure book. Again, it would help if you could hear them read.

The books need to come back to school the next day. The class teacher will keep a list of what has been borrowed.

We really hope that you will support us and your child in making progress in reading.

If you have any questions, please contact your child's teacher.

Yours faithfully

Philippa Penman  
**Executive Assistant Principal**

Mrs D Greaves  
Interim Executive Principal

Ms V Watts  
Associate Executive Principal
